Here's my take at trying to simplify and reorganize the briefing paper. There are some data points that need to be filled. Mark S., can you take a shot at cleaning this up and getting input from Geraldine and Mark G., specifically on the section I renamed "Traditional Approach to SNURs?" Thanks

Subject: Update - Draft Asbestos SNUR briefing paper

Rosemarie:

We have heard from Keith Bartlett that **Ex. 5 Deliberative Process (DP)**
We have not seen the SNUR (after requests last week [and earlier], a copy has still not been provided to WCED). Can you please give Susan a heads up that **Ex. 5 Deliberative Process (DP)**

Thank you,
Diana

Rosemarie:

We have revised the briefing paper, providing the purpose of the paper as:

Ex. 5 Deliberative Process (DP)

However – I realize that we have skipped your level of request to obtain the package. If you would like to call Jeff Morris to request that OCSPP send WCED a copy of the SNUR before this goes to Susan that would be helpful. We could provide Susan the briefing paper as an informational only and that we are initiating our review on a late provided rule package.

Thanks
Diana

Diana –

What is the purpose of the briefing paper – Is it to make Susan aware of the rule or to ask her to do something ? another purpose? It is not clear.

Subject: Draft Asbestos SNUR briefing paper

Rosemarie:

Attached is a draft briefing paper on the Asbestos SNUR proposed rule. OPPT has changed the approach from that provided and discussed with the workgroup in March (seeking comment on continuing uses of asbestos), to instead **Ex. 5 Deliberative Process (DP)** and solicit comments on the accuracy of this **Ex. 5 Deliberative Process (DP)**. This shift in proposal was discussed with the workgroup April 25 but we (WCED) do not yet have a draft of the proposal to review. We have requested a copy to review.

Based on workgroup discussions of the new concept for proposal we have provided this background briefing paper.

Thank you
Diana
